	33	+2
	7	-1

Homelessness (LA only)

Please note, the totals exclude one local authority who did not submit homelessness figures for February at time of publication. The change from previous month figures have also been removed as these would not be comparable with totals for this month.

		<u>Change from Previous Month(+/-)</u>
Total number of homeless applications received in the month	2,670	
Total number of households offered and accepted temporary accommodation in the month	2,720	
Total number of households offered and refused temporary accommodation in the month	477	
Total number of households not offered temporary accommodation when needed in the month	0	
Total number of households in temporary accommodation on the last day of the month	11,320	

35,110 year end to September 2020

290* June to September 2020

14,151 on 30 September 2020

*Number of instances where a household has not been offered temporary accommodation from 1 June 2020 to 30 September 2020. A household can have multiple instances.

Landlords provide us with the information for the dashboard each month, and we amend the data when landlords notify us of corrections. Given this, figures may differ from those previously published.

Definitions

Total number of staff (FTE)	Permanent or temporary staff employed by the RSL or by any of its subsidiaries on the last day of the reporting month which carry out duties for the RSL. The number of staff should be reported in terms of full-time equivalents (FTE). For example, if the hours of two people working part-time are added together that might be the same as one full-time job.
Total number absent (FTE)	Number of staff (FTE) not available to work, because of ill-health, care responsibilities, compassionate leave, other reasons (excluding those placed on furlough)
Percentage of staff absent	To calculate the percentage we will divide the total number absent (FTE) by the total number of staff (FTE) and multiply by 100.
Number of staff placed on furlough (FTE)	Number of staff place on furlough in accordance with the UK Government's furlough scheme
Gross rent arrears	Gross rent arrears consists of the value (to the nearest £) of current and former tenant rent arrears as at the end of each month or the closest end of debit period prior to any arrears write-off. Rent paid in advance should not be used to offset the overall value.
Total rent due	Total rent due is the value (to the nearest £) of the total annual charges levied by the landlord in respect of rent and service charges for dwellings.
Gross rent arrears (%)	To calculate the percentage we will divide the total value of gross rent arrears by the total rent due for the year and multiply by 100.
Empty Homes (last day of previous reporting month)	The total number of empty dwellings on the last day of the previous reporting month. An empty home is a property owned by a landlord which has no tenant. We will pre populate this field using the figure submitted in the previous month's return.
Empty homes (arose during the reporting month)	The number of empty dwellings that arose during the reporting month in self-contained lettable stock.
Empty homes (last day of reporting month)	The total number of dwellings in self-contained lettable stock that were empty on the last day of the reporting month.
Number of lets to homeless (SST)	Total number of lets commenced during the reporting month to households assessed as statutory homeless by the local authority and to whom the local authority has a duty to provide permanent housing (not the cumulative total since April).
Number of lets to homeless (short SST)	Total number of lets commenced during the reporting month to households assessed as statutory homeless by the local authority and to whom the local authority has a duty to provide permanent housing (not the cumulative total since April).
Number leased to relevant local authority	The number of properties leased during the reporting month to the local authority, including those for use as temporary accommodation for people who are homeless. Include only those properties that were first leased to the local authority during the reporting month (not the cumulative total since April).

Number of empty dwellings added to the pool of stock for use as temporary accommodation if required	<p>LAs normally identify a pool of dwellings which they set aside and use to provide temporary accommodation if required. These are different from dwellings which are generally empty and will be let in due course. In this section local authorities should record the number of empty dwellings they have purposely identified and set aside during the reporting month for use as temporary accommodation if required (not the cumulative total since April).</p> <p>Do not include any properties leased to the local authority by RSLs for use as temporary accommodation.</p>	
Total lets	Total number of new tenancies commenced during the reporting month.	
Court actions initiated and properties recovered in the reporting month	<p>Recovery of Possession (Eviction) Section 16 of the Housing (Scotland) Act 2001 as amended by Section 153 of the Housing (Scotland) Act 2010, sets out the grounds on which a court can issue an order to terminate a SST and gives the landlord the right to recover possession of the property. Where landlords seek possession on the grounds of non-payment of rent, they must confirm to the court that they have met the pre-action requirements, as set out in the Housing (Scotland) Act 2010.</p> <p>Court actions initiated</p>	
Notice of proceedings issued during the reporting month	<p>Notice of proceedings (NOP) As defined by Section 14 of the Housing (Scotland) Act 2001 as amended by Section 155 of the Housing (Scotland) Act 2010, a NOP is a legal document issued at the first stage in the legal process for a landlord to evict a tenant.</p>	
Number of homeless applications received in the month	Total number of homelessness applications taken by the local authority under the homeless persons legislation in the reporting month.	
Number of	This part of the return corresponds with the Scottish Government's HL3 return (the monitoring of households placed in temporary accommodation as part	Link
Number of households offered and refused temporary accommodation* in the month	This part of the return corresponds with the Scottish Government's HL3 return (the monitoring of households placed in temporary accommodation as part of local authorities' duties under the homeless persons' legislation). The Scottish Government's "guidance on how to complete the HL3 return" definitions should be applied when supplying this information. Local authorities should provide the relevant information monthly.	Link
Number of households not offered temporary accommodation* when needed in the month	This part of the return corresponds with the Scottish Government's HL3 return (the monitoring of households placed in temporary accommodation as part of local authorities' duties under the homeless persons' legislation). The Scottish Government's "guidance on how to complete the HL3 return" definitions should be applied when supplying this information. Local authorities should provide the relevant information monthly.	Link
Total number of households in temporary accommodation on the last day of the month*	This part of the return corresponds with the Scottish Government's HL2 return (the monitoring of households placed in temporary accommodation as part of local authorities' duties under the homeless persons' legislation). The Scottish Government's "guidance on how to complete the HL2 return" definitions should be applied when supplying this information. Local authorities should provide the relevant information monthly.	Link
